Re: Enterprise Partnership Proposal

DC

David Chen <david@acme.com> • Acme Corp

Today at 10:32 AM

Hi,

I've reviewed the enterprise partnership proposal and I'm excited about the possibilities. I have a few questions about the pricing structure and the volume discounts you mentioned.

Could we schedule a call this week to discuss the details? I'd also like to understand the SLA terms better.

Best regards,

David

AI Summary

Intent: Interested in enterprise partnership, wants to discuss pricing and SLAs.

Sentiment: Positive — excited about possibilities.

Action: Schedule a call to discuss details.

Bonjour, je voudrais connaître les tarifs de votre plateforme

15:42 — French detected

Bonjour Anna ! Bien sûr, je serais ravie de vous renseigner sur nos tarifs. Nous proposons 4 formules :

• Free : 50 messages/mois — gratuit

• Starter : 29\$/mois — PME

• Pro : 99\$/mois — équipes en croissance

• Enterprise : 299\$/mois — grandes organisations

Tous les plans incluent WhatsApp, Telegram et web chat. Souhaitez-vous en savoir plus sur un plan en particulier ?

15:42 — AI Response (FR)

Le plan Pro m'intéresse. Qu'est-ce qui est inclus ?

15:43

Excellent choix ! Le plan Pro à 99\$/mois inclut :

✓ Agents illimités

✓ WhatsApp Business Catalog

✓ A/B Testing pour optimiser vos agents

✓ Analytics avancés avec requêtes en langage naturel

✓ Booking intelligent (Cal.com)

✓ Support prioritaire

Vous pouvez démarrer avec un essai gratuit de 14 jours. Voulez-vous que je vous aide à configurer ?

AI PRODUCT RECOMMENDATION

Customer: "I'm looking for a wireless headset"

AI recommends:

 ProSound Elite	\$149.99	★ 4.8/5
 AirWave Pro	\$129.99	★ 4.6/5
 BassKing Max	\$89.99	★ 4.4/5

Features:

- Relevance-scored search across title, description, category
- AI injects catalog data into conversation context
- Plan-gated: Pro and Enterprise only

Security & Trust

Security Architecture

TRUST & SECURITY

Built for enterprise-grade trust.

Your data is protected by 5 layers of security.

5-Layer Security:

Layer 1: Authentication

- Clerk Auth integration
- JWT token validation
- Multi-factor authentication

Layer 2: Data Encryption

- AES-256 encryption at rest
- TLS 1.3 encryption in transit
- End-to-end data protection

Layer 3: Data Isolation

- Per-account environment isolation
- Sovereign training data
- No cross-account data leakage

Layer 4: Data Lifecycle

- 30-day TTL indexing
- Auto-purge protocol
- GDPR/CCPA compliance

Layer 5: Compliance

- SOC 2 Type 2 certified infrastructure
- Regular security audits
- Privacy-first data handling

Quick Reference Guide

Key Screenshots to Capture

Priority Screenshots:

- 1. **Landing Page** - Hero section with floating UI cards
- 2. **Dashboard** - Fleet overview with stats and agent table
- 3. **Onboarding** - Step 2 (Industry selection) with visual cards
- 4. **Chat Interface** - With human takeover button
- 5. **Marketplace** - Action Agents card layout
- 6. **Leads CRM** - Lead table with scoring and filters
- 7. **AI Email Hub** - Unified inbox with AI summary
- 8. **Mission Control** - Live conversations with takeover

Secondary Screenshots:

- 9. **Training Hub** - Knowledge base upload interface
- 10. **Analytics** - Charts and metrics dashboard
- 11. **Billing** - Plan comparison and usage stats
- 12. **Admin Panel** - Platform overview
- 13. **Agent Details** - Channel configuration

New Feature Screenshots (New):

- 14. **Smart Booking** (docs/screenshots/12_smart_booking.png) - Cal.com integration flow
- 15. **AI Goals** (docs/screenshots/13_ai_goals.png) - Goal progress dashboard
- 16. **Knowledge Hub** (docs/screenshots/14_knowledge_hub.png) - Shared knowledge graph
- 17. **A/B Testing** (docs/screenshots/15_ab_testing.png) - Test creation and results
- 18. **Customer Journey** (docs/screenshots/16_customer_journey.png) - Visual timeline
- 19. **Sentiment Workflows** (docs/screenshots/17_sentiment_workflows.png) - Workflow triggers
- 20. **NL Analytics** (docs/screenshots/18_nl_analytics.png) - Natural language query interface
- 21. **Revenue Attribution** (docs/screenshots/19_revenue_attribution.png) - Revenue tracking

Platform Flow Summary

Complete User Journey

|

6. ACCESS Dashboard (Fleet Overview)
7. TRAIN agent with knowledge base
8. CONNECT channels (WhatsApp, Telegram, Web, Email)
9. DEPLOY agent live

|

10. MONITOR performance in Analytics
11. CAPTURE leads in Leads CRM
12. MANAGE emails in AI Email Hub
13. TAKEOVER conversations in Mission Control
14. OPTIMIZE agent based on metrics
15. SCALE fleet with additional agents
16. EXPLORE Marketplace for advanced features

|

NEW: AI INTELLIGENCE PHASE

17. A/B TEST agents for performance optimization
18. SET autonomous goals for continuous improvement
19. ANALYZE conversations with natural language queries
20. SHARE knowledge across agents
21. BRANCH conversations for what-if analysis
22. BOOK meetings with Smart Booking integration
23. SYNC WhatsApp product catalog
24. MAP customer journeys for funnel optimization
25. TRIGGER sentiment-based retention workflows
26. ATTRIBUTE revenue to agents and channels
27. DETECT topic trends and emerging issues
28. SCORE leads with predictive deal value estimation
29. AUTOMATE deal pipeline management
30. DETECT churn risk and trigger retention

|

END (Ongoing operation, optimization, and AI-driven improvement)

Conclusion

This visual guide provides a comprehensive overview of the VOID platform's flows, pages, and features. Use this document to:

1. **Understand** the complete user journey
2. **Capture** key screenshots for documentation
3. **Train** team members on platform capabilities
4. **Present** the platform to clients and stakeholders

For additional details on specific features, refer to the technical documentation or contact the development team.
